

Parents: Here is a suggested list of materials your child may need at school. We have kept it general to begin with. Your child's teacher may add other specific items that will be needed when school begins, but this list will get you started. We hope you find this helpful. If you can afford to purchase more than the suggested amount for another student, that would be helpful. Just send in the items labeled "extra" and we will make sure they are provided for a child who is unable to purchase these materials at this time.
